

Electric-Assisted Bicycles (E-bike) Information Sheet

E-bike Use is Allowed on State Park Long-Distance Trails

Class 1 and Class 3 pedal-assist e-bikes are allowed on State Park non-motorized long-distance trails. Most are converted rail trails, and these include:

- Columbia Plateau State Park Trail
- Klickitat State Park Trail
- Palouse to Cascades State Park Trail
- Spokane River Centennial State Park Trail
- Willapa Hills State Park Trail

E-bike Use is Allowed on Park Roads

All classes of e-bikes are allowed on roads within State Parks. E-bikes are required to follow all park rules related to bicycles including any posted speed limits or other restrictions on bicycle use.

Pedal-Assist E-bike Use is Allowed on In-Park Trail Systems that Allow Bicycle Use

Class 1 and Class 3 pedal-assist e-bikes are allowed on non-motorized natural surface trails that allow conventional bicycles. E-bikes are required to follow all park rules related to bicycles including any posted speed limits or other restrictions on bicycle use.

E-bike Use is Not Allowed on Hiking Specific Trails

E-bikes are not allowed on non-motorized natural surface hiking-only trails or any other trails that do not permit bicycles.
